FAQs

I don't have a bachelor's degree, can I still work at ILA?

One of our job requirements is that all our teachers have completed a Bachelor's degree. This is also a legal requirement to gain a work permit in Vietnam.

Do you offer short term contracts?

All of our contracts are a year in length. At times we will consider part time contracts of a minimum of 6 months for in-country hires. During the summer period, we may offer shorter term contracts.

Does ILA support teachers with work visas and a work permit?

Yes, ILA offers full support for teachers to get a work visa and work permit to work legally in Vietnam.

What TEFL certificates does ILA consider?

One of our hiring criteria is that all teachers must have completed a certification in English Language Teaching. We consider all applications from candidates that have an English language teaching certification. Your course must be at least 120 hours in-class with 4 hours of observed teaching practice with real students.

When are the peak times of year?

We hire all year round, but our busiest period is over summer (Jun-Jul) and the start of the new school year (Sept). May through to October is the peak hiring season for ILA.

If you are unsuccessful in an initial application you are welcome to reapply at these times.

Around Tet (the Vietnamese lunar New Year - Jan-Feb) is the slowest time of year for recruitment.

Flights

ILA does not offer any flight reimbursement. We do however offer teachers a re-signing bonus for every year you continue to stay on at ILA.

As well as many other packaged incentives such as supplements on base pay for teaching certain classes etc.

Many teachers prefer this as it rewards our current staff who want to stay at ILA rather than only new staff.

When do you hire?

ILA has rolling starts with new positions starting every month.

Pay scales

ILA offers competitive rates for teachers. The pay varies according to qualifications and experience.

Insurance

ILA offers health insurance for all full time teachers.

Does ILA hire non native speakers?

We use the following to define a native speaker:

A native speaker is someone who has spoken English from early childhood. It's the language they used at school and with their family. Many people grow up speaking 2 languages and are bilingual, which would also qualify as a native speaker. All teachers must have native speaker mastery of English in all skills [including pronunciation].

We welcome all qualified, native level English teachers who pass our interviewing and screening processes.

Accommodation

When overseas teachers first arrive we will pick you up at the airport and put you up in a hotel for 10 nights. After that, housing in Vietnam is cheap, diverse, flexible and easy to find.

Whether you are looking to save money and live modestly or want to enjoy the high life in luxury serviced apartments, you are sure to find something suitable in a short space of time.

For short-term accommodation there are various available options you can find, ranging from low priced guest houses, to mid-range hotels, to top end resorts all around the country.

For long-term accommodation you may want to opt for a shared apartment or house or alternatively you can find individual serviced apartments. When looking for long-term accommodation we generally suggest consulting one of the reliable housing agents around town.

Once you have found a place that suits you it is time to sign the contract and pay the deposit. Contracts are usually one year long and include a detailed inventory and the terms of payment. The deposit is usually two or three months rent which is returned at the end of the lease. The process of finding a place to live is comparable to most western systems except that you can expect the process to be much faster and a great deal less expensive.

For candidates joining ILA's Level 5 TEFL course and opting for the accommodation package, we will arrange for 29 nights of stay in a comfortable, convenient guesthouse close to the training centre.

Training & Development

■ Young learners training

To give our teachers the skills and confidence before they teach young learners (YLs), ILA gives all new teachers a one-week training course (supplement is paid after successfully completing it and starting a full-time contract), specifically tailored to teaching YL students. Based on the now phased out CELT-YL, our training course delivers practical and useful advice to ensure our teachers are confident and successful in the classroom.

■ Workshop

Workshops are offered each month and cover a broad range of topics relevant to EFL teaching, encompassing classroom management, teaching methodology, practical activities and new theories in EFL. Teachers can also suggest workshop topics on areas they feel would be useful to them. Each center runs at least 2 workshops a month. Teachers can visit workshops at any centre, that means teachers have at least 40 workshops per month to choose from!

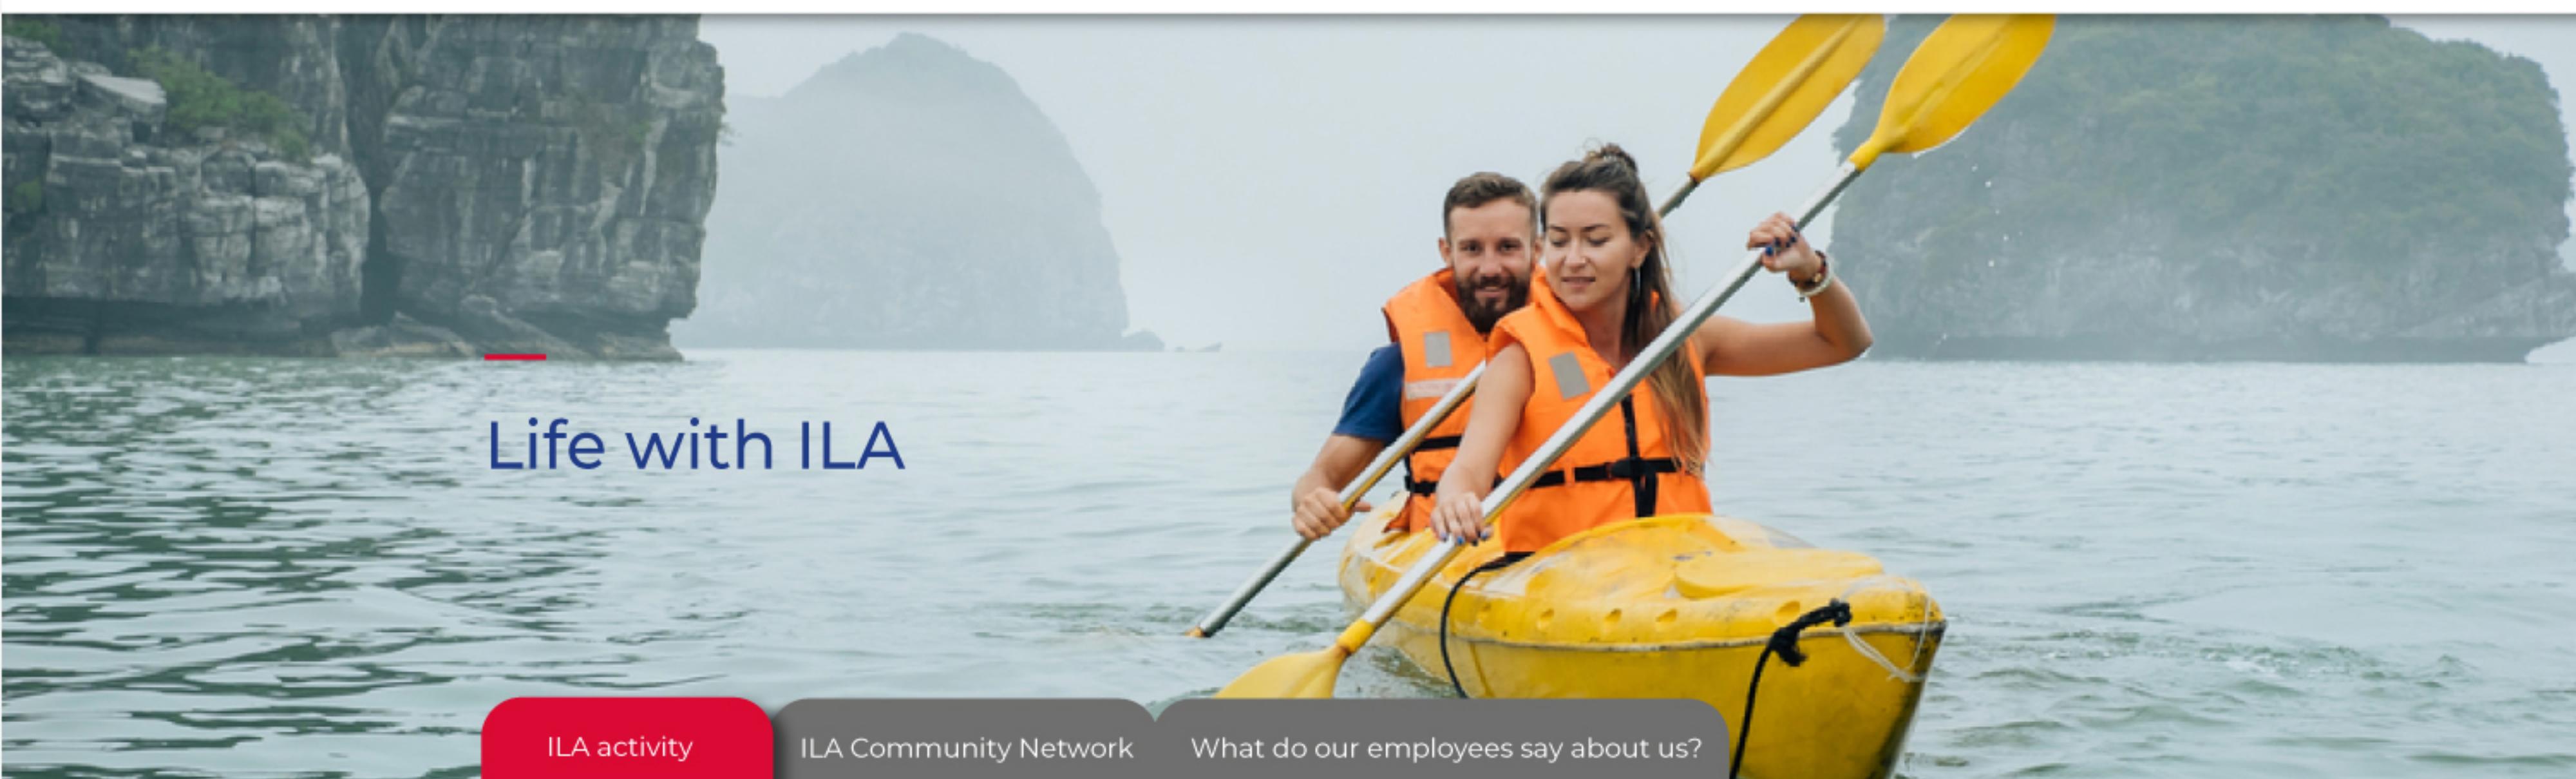

■ Career path

Many members of our Academic Management team were previously ILA teachers and have received support and training to take on new roles following overwhelming success in their previous positions. With gained experience, teachers can apply for Teacher Coordinator roles, materials development, marketing, HR or teacher training. The possibilities are endless.

■ What is ILA Community Network?

Established in 2005, ILA Community Network (ILACN) is ILA Vietnam's philanthropic arm. Our mission is to support disadvantaged children access education in and around the communities in which ILA operates across Vietnam. All operating costs of the ILACN are covered by ILA Vietnam so that 100% of every contribution received goes to supporting ILACN's mission. Today, ILA Vietnam, through our ILACN arm, continues to be the leading language school in providing sustainable charitable programmes in Vietnam.

■ Our NGO partners

Our NGO partners work in numerous locations around Vietnam to help disadvantaged children access education. Blue Dragon Children's Foundation, SOS Children's Villages - Vietnam, Saigon Children's Charity (SCC), Xuan Little Rose Warm Shelter, Green Bamboo Warm Shelter, Bung Sang Blind Shelter, Go Vap Orphanage Centre for Social Protection of Vung Tau Children, Pacific Links Foundation.

■ Where our funds come from

Fundraising Events

ILACN holds a variety of fundraising events for its staff, parents and even the students. All aimed to raise funds to support its mission to help disadvantaged children access education.

Sponsors

Sponsorships are provided by the staff at ILA centres who chip in together to financially support children to attend state-school. Some members of ILA staff even sponsor children to go to school by themselves.

ILA

Each year, ILA allocates a budget dedicated to supporting its corporate social responsibility activities, ILACN. The funds are used to invest in fundraising events or are as part of direct donations to our NGO partners.

■ Our programmes

State-School Sponsorship Programme

Each year, ILACN sponsors disadvantaged children from Elementary School to University to attend state school. The programme is designed to support children most in need, so we work with our NGO partners, who have the skills and expertise, in allocating the sponsorships to the children.

English Scholarship Programme

The English Scholarship Programme provides 100% scholarships for disadvantaged children so they can study English at ILA completely for free. The disadvantaged children who benefit from the programme are decided through our NGO partners.

Working with NGOs Programme

ILACN provides classes within shelters to help the children there have access to education. The classes are run by dedicated volunteer teachers who work at ILA and each class we provide is to an ILA-standard.
